FOREWORD

This catalog contains all curriculum materials forwarded to the Curriculum Materials Committee for display at the 1976 ASCD Conference in Miami Beach, March 13-17. As quality was not the basis for inclusion, each catalog user and examiner of materials is advised to appraise individual items. Inclusion by no means denotes endorsement by ASCD or the Curriculum Committee.

The catalog was designed as a resource and ordering guide. One may find it a useful tool for identifying and locating a variety of needed and available curriculum materials. For ease in use, two added features include a title index and a list of agencies with addresses and titles contributed. Please note that contributor's address may differ from ordering address; thus, it is advisable that for ordering purposes one refers to the parenthesized address which follows each contributor entry within subject category. PLEASE DIRECT ALL INQUIRIES TO THE CONTRIBUTING AGENCY AND NOT THE COMMITTEE.

Omission of cost does not mean materials are free. When cost was provided by the contributor it was recorded. Free materials, as specified by the contributor, are indicated by the abbreviation NC (No Charge).

The Committee would like to extend profound thanks and appreciation to all contributors to the 1976 ASCD Curriculum Materials Exhibit. Materials received after the December 15 deadline are included in the appendix; however, a few items which arrived quite late may not have gotten title-indexed. Omission of a contributor's name and/or title was purely unintentional, and we would like to apologize to those who may be thus affected.
